Greg,

Appreciate the info.

Let me know your thoughts on the attached one-pager.

The flyer can be used for information purposes but not distributed on any mail distribution.

In moving forward please let me know the depth whether you desire additional community involvement activities below:

Community interviews with local officials, community members, or others to identify their needs and concerns during the removal process.

Share with locals how removal impact the residents?

Establish local information repository?

Fyi: When out of the office cell: 972.489.5894

Thanks,

Janetta Coats
